FEATURED SPEAKERS

Lisa Prince, Attorney at Law

As an associate with the Walter Law Firm, Lisa Prince works with employees, safety directors, risk managers and human resources administrators on the development of effective preventative safety programs that answer regulatory mandates. Lisa is a member of the Labor and Employment Sections of the American, California State, and the Sonoma County Bar Associations; the American Society of Safety Engineers; and the Safety and Health Council of the Associated General Contractors of California (AGC).

James Boretti, CSP, CEO/President Boretti, Inc.

With over 18 years of experience, James Boretti has an extensive background in the field of Safety & Health. James is currently CEO and President of Boretti, Inc., an integrated safety solutions firm. He previously worked in the insurance industry for 10 years as a Loss Control Manager and Consultant for two of California's major commercial insurance carriers.

David D. Strickler, Senior Safety Engineer Cal/OSHA Consultation Service

Presently, Dave Strickler is the Senior Safety Engineer for Cal/OSHA Consultation Service in Northern California. He has 25 years experience with the agency and has served both as an Area and District Manager. Dave also served as a Senior Safety Engineer for Cal/OSHA Enforcement, and Standards Board.

Mr. Strickler has investigated numerous serious accidents, injuries and fatalities in construction, logging, chemical manufacturing, oil refining, and food processing facilities. This experience has given him an extensive knowledge of enforcement and appeals procedures and allows him to assist employers with their efforts to develop effective accident prevention programs.

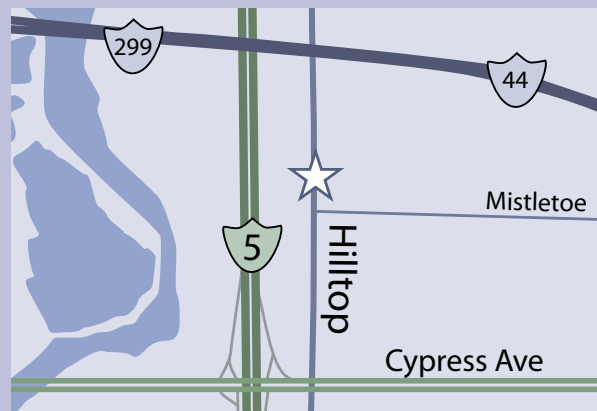

GETTING BACK TO BASICS WITH SAFETY

This presentation will provide attendees with valuable insights into the establishment of safety processes and systems that can help reduce injury and illness rates which in turn may positively affect workers' compensation premiums. Information provided will consist of basic mechanisms to implement safety programs that reduce risk and protect company profits.

Topics will include:

- Setting effective safety and health goals
- Aligning safety with your corporate objectives

HOW CAN EMPLOYERS ADDRESS SERIOUS CAL/OSHA CITATIONS

Cal/OSHA's regulations and enforcement policies, and the Cal/OSHA Appeals Board's decisions are challenging California employers as never before to remain profitable while meeting the demands of regulations that can often be difficult to interpret.

This presentation will:

- Prepare employers for a Cal/OSHA inspection
- Include invaluable tips for getting through the inspection process
- Take the mystery out of the Cal/OSHA appeal process

CAL/OSHA CONSULTATION TODAY

Cal/OSHA Consultation Service is focusing its resources and services to help California employers identify the top root causes of occupational injuries and illnesses. Gain knowledge about Cal/OSHA citations and the types of injuries and illnesses impacting the Redding area. In this presentation you will learn how Cal/OSHA Consultation can be of assistance to your business.

Wednesday, October 18, 2006

Registration and complimentary continental breakfast begins at 7:30 a.m.
Seminar is 8:00 a.m. -12:00 p.m.
